*"Very friendly
and professional from
start to finish. I couldn't
fault them. Excellent
customer service."*

Scott

Location and setting

Barnby Moor is situated on Diggles Lodge Lane, Ranby, Retford, DN22 8FL

The crematorium is set within open countryside, offering a peaceful and private environment for families. The surrounding landscape and maintained gardens help create a setting that feels considered and unhurried.

Ceremonial Hall and capacity

The Ceremonial Hall provides:

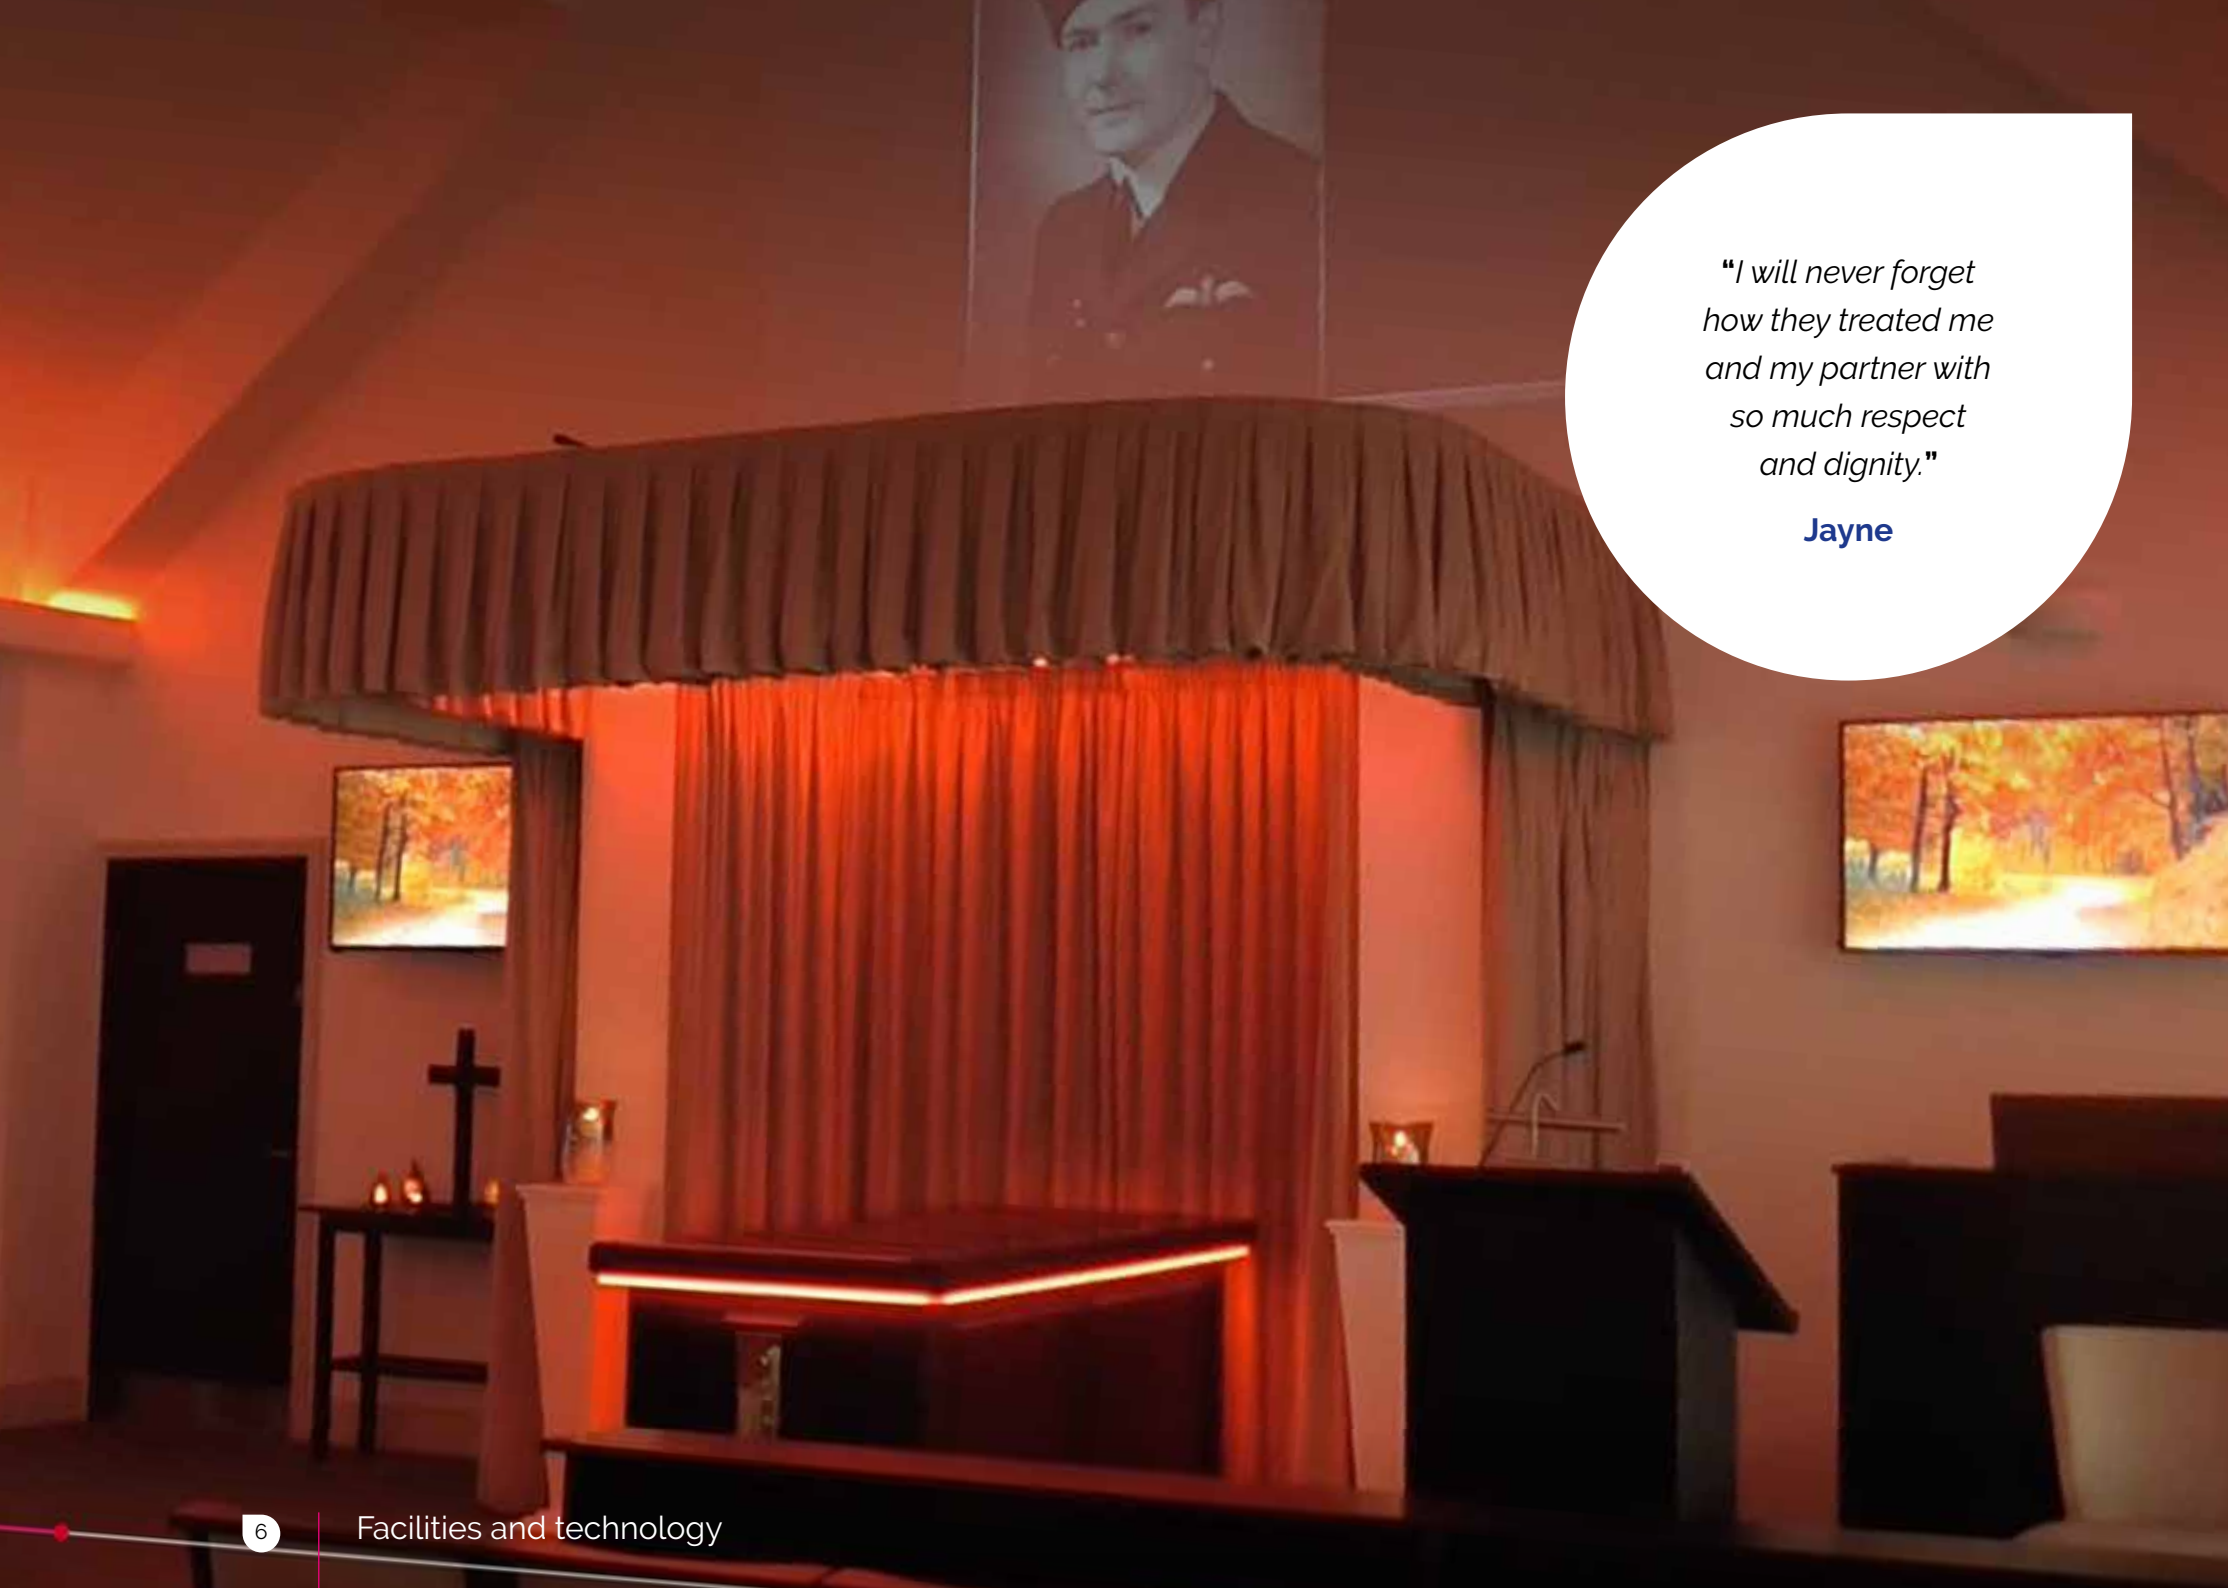

- Fixed seating for 108 attendees
- Capacity for up to 200 people when including the foyer area
- The ability to accommodate over 400 attendees on site using the external covered area (porte-cochere) with audio relayed outside

The space is suitable for cremation services and standalone memorial services. Both religious and non-religious ceremonies can be accommodated.

Services are available in different formats to suit the needs of each family, from a full hour in the Ceremonial Hall to a shorter 30-minute personal service.

The aim is to ensure each family feels they have time and space for a personal farewell, without the sense of being rushed.

*"I will never forget
how they treated me
and my partner with
so much respect
and dignity."*

Jayne

Facilities and technology

The ceremonial hall is equipped to support a wide range of service styles and tribute formats:

- Obitus media system
- Organ for live hymn accompaniment
- Public address system
- Hearing loop
- Two plasma screens for visual tributes or recorded eulogies
- Webcast facilities for remote attendance
- Single projected image and committal light

These options allow families to include music, spoken tributes, and visual elements in a way that feels meaningful and appropriate.

Please note that we do not provide an organist.

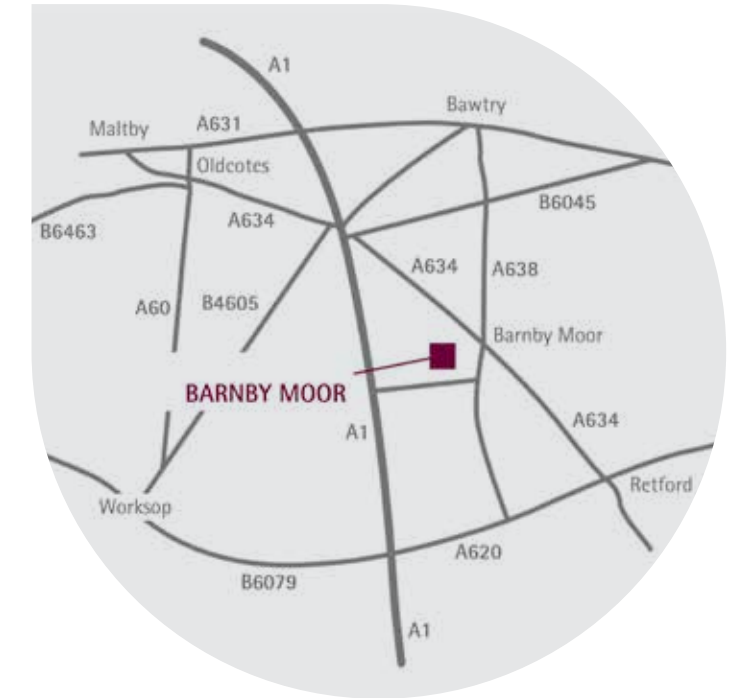

Parking and access

The crematorium has 38 parking spaces immediately in front of the building, including four dedicated disabled bays, with overflow parking for an additional 60 vehicles.

The building is designed to be accessible and straightforward for visitors to navigate. It includes an accessible toilet, and the chapel is fitted with a hearing loop to support those with hearing difficulties.

Biodegradable urns

Barnby Moor offers a selection of seven thoughtfully designed biodegradable urns, featuring elegant floral patterns and serene landscapes. These urns provide a dignified and eco-friendly way to hold a loved one's ashes. The ashes can then be scattered, or, if preferred, the urn can be buried.

Each urn includes the unique ceramic disc used throughout the cremation process, providing identity assurance. Families are also welcome to provide their own urn if preferred.

Booking and service flexibility

Barnby Moor offers three service formats to accommodate different circumstances and preferences:

Celebration of Life:

Exclusive use of the Ceremonial Hall for 60 minutes, allowing for a 40-minute service. Available Monday to Friday, with Saturday bookings also available.

Personal Service:

Exclusive use of the Ceremonial Hall for 30 minutes, allowing for a 20-minute service. Available Monday to Friday.

Extended times can be arranged upon request. The Ceremonial Hall can also be hired for a memorial service without cremation. All formats are suitable for both religious and non-religious ceremonies. These options allow families to include music, spoken tributes, and visual elements in a way that feels meaningful and appropriate.

The flexibility of the space allows you to tailor each service to the needs of the family, whether that calls for a traditional format or a more personalised celebration of life.
